☐ Purchase Order

If you are using a purchase order, a copy of the purchase order must accompany your survey order. Your request cannot be processed without this information. If your organization does not use a purchase order system, a memo on your organization's letterhead acknowledging responsibility for the cost of the survey service will suffice. You will be invoiced for your surveys and report(s) upon receipt of your order. If you wish to be invoiced separately for your report(s), a second purchase order must be sent in addition to a purchase order for the surveys.

COST PER PACKET: (purchased in packets of 25)

4-199 packets (100-4,975 surveys) = $45.00 per packet
200-599 packets (5,000-14,975 surveys) = $42.50 per packet
600 or more packets (15,000 or more surveys) = $40.00 per packet

Return Policy: All returned survey packets are subject to a $1.25 per packet restocking fee. If a survey service is canceled, the per-packet fee will be charged in addition to the $50 restocking fee. All returns must be in their original, shrink-wrapped packaging and unopened to be issued credit.

** SUB REPORTS: Sub reports are the same format as the aggregate report, but are based on a sub-set of people completing the survey. For example, an individual group within a larger community/group may choose to have their own data reported separately in a sub-report as well as being included in the aggregate report. If you plan to order sub-reports now or at a later date, please be sure to separate your surveys and label each batch clearly as to which group the surveys belong to. Separating them is necessary for us to provide sub-reports, but does not commit you to order sub-reports.
